Google's simple and secure digital
payment app made for **businesses** of all
sizes. Receive instant **payments** directly to
your bank account, and allow new
customers to discover your **business** with
Google Pay for Business.

Why Google Pay for Business

Accept payments from millions of customers, instantly. 80+ BHIM UPI apps.

Premium Payment App with highest level of security.

It supports multiple modes of payment like pay using QR codes or phone number

24/7 customer care to assist you for all your concern.

Get rewards and special offers on registration and transactions straight to your bank account instantly.

It has no additional fees* Hence do all of the above without having to pay additional fees to Google.

Prerequisites:

Before you create a Google Pay for Business account, make sure that you have the following information about your business available:

1. Gmail Account (If not need to create one instantly)
2. Android device (Smart Phone) with version 5.0 or above
3. Registered Name, Display Name and MCC
4. Business Address
5. Business Phone Number
6. PAN Card/ GST IN
7. Bank Account Details

The customer can download from the Google pay sahaj link g.co/payinvite/m_GPAYSAHAJ from the Sahaj corporate website, Sahaj Mitr portal, Link received via SMS or Whatsapp or the CC executive can send the link to customer mobile number on request.

On the first screen, you'll be asked to select the email address you wish to register. Kindly only select the email address and click on "Continue" button.

Tap 'Find' to look up your account

Welcome to the Google Pay for Business family!

SAHAJ

Your account is now activated with a limit of INR 50,000 per month. You'll also be sent an On boarding kit from our end in 2-3 weeks. Meanwhile, you can show/print the QR code from the app and paste it at your shop to receive payments from your customers. This limit will be enhanced after the physical/ video verification.

Post-verification you limit can be enhanced upto 10 lacs.

You can receive money through your customers using the Tez mode, QR code and phone number.

Ensure to keep an eye out for the three notifications that you would receive for a credit.

- (i) Text from your bank
- (ii) Text from Google
- (iii) App notification from Google

Sign up with GST no. and skip the video verification and be eligible for rewards right away.

If you do not have GST no. follow the below process:

In the above process we did not go through the full KYC Process, Therefore there would be a limit on the transactions. So, if you want to unlock the limit you have to verify yourself through a video call.

To do this full KYC verification, tap on the Verification button. The Google pay representative would make a video call to you. In this call you have to show your original PAN card.

Note, you must be at the location of your business while making the video call.

Google Reward Program

SAHAJ

Winning rewards was never so easy but now it is. You can participate in the Google Reward Program once your account is verified.

You can look at the available rewards in the “See Your Offers” tab on the app.

Important Note that in order to get qualified for weekly bonus offer, merchant’s customer has to initiate payment from his/her google pay consumer app only, by any means like – QR code scan, mobile no. or UPI transfer to merchant’s business app.

Thank You
